The international workshop on conservation of East Asian cabinets in imperial residences (1700–1900) marked the starting point for the FWF-funded research project on the East Asian cabinets in Schönbrunn palace. The workshop facilitated the exchange of knowledge and experience between international conservators, art historians and related experts in the fields of Asian and European lacquerware and porcelain.

Gabriela Krist has been university professor at the University of Applied Arts Vienna, Institute of Conservation, since 1999. She studied conservation at the Academy of Fine Arts Vienna, as well as art history and archaeology in Vienna and Salzburg.
